Amounts Paid or Owed by Air Transportation Companies For Lease of Government-Owned Real Property

Property Under Lease as of January 1, 20____

Instructions: Show amounts paid or owed for lease of **real property only**, if possible. "Real property" includes land, buildings, and structures; it does not include jetways or loading bridges, which are considered personal property. Amounts shown for real property should not include landing fees or any amounts paid for heat, lights, management, janitorial services, etc. If those items cannot be broken out separately, enter an estimate of the amount, or the estimated percentage of the amount paid or owed, that represents everything other than lease of real property.

City: _____

Air Transportation Company Making Regularly Scheduled Landings	Amount Paid or Owed	$ or % for Real Property	$ or % for Other	Period of Lease From (Date) . . To (Date)	Type of Leased Property
