To the property owner of the parcel(s) listed below:

01-7001-00640-000

The County Board of Equalization has made a determination following your appeal of the 2026 assessed value(s) for your property.

Conclusion:

Using City of Fargo's suggested vacancy rate and rebuilding the income and expense using the information provided by the appellant, the implied value of the income approach would be notably higher than that claimed by the appellant. City of Fargo demonstrates that through comparable sales and assessment equity the current value is well supported.

Determination:

The 2026 value was upheld.

Final Value:

\$22,276,800

This determination is the final determination that will be issued at the County level. If you are not satisfied with this determination, you may still file an appeal to the State Board of Equalization. **Please be advised that the State Board of Equalization can only reduce your assessed value if you have appealed to both the local and county boards of equalization.**

To file an appeal with the State Board of Equalization, you must contact the ND State Property Tax division by one of the following methods:
