Revised 2019

Schedule T – Brewer Taproom
Annual Report Filing Instructions

North Dakota Century Code (N.D.C.C.) § 5-01-21 provides that a brewery producing no more than twenty-five thousand barrels (775,000 gallons) of malt beverages annually may apply for a brewer taproom license at the cost of $500.00 per year. A brewer taproom located in North Dakota is allowed to sell malt beverages manufactured on the licensed premises at special events, direct to consumers from the taproom and to North Dakota licensed wholesalers and retailers within set limits.

Licensed brewer taprooms located outside of North Dakota will be able to apply for a special event permit for events located in North Dakota and sell direct to North Dakota licensed retailers provided their state law permits such activity.

Brewer taprooms must file an annual report with the North Dakota Office of State Tax Commissioner showing beginning inventory, production quantity, sales information and ending inventory. The report must be submitted on the form and in a format prescribed by the Office of State Tax Commissioner. The Commissioner has designated “Schedule T” as the brewer taproom annual report. The Schedule T is due on or before January 15 of the year following the year production or sales occurred and is required to be filed electronically. Zero reports are required even if no malt beverages were manufactured or sold.

N.D.C.C. § 5-03-06 provides that for failure to pay such tax on the date payment is due, there must be added to the tax a penalty of 5% of the total amount of the tax or five dollars, whichever is greater, plus interest of one percent of the tax per month or fraction of a month of delay, except the month the return or tax becomes due; and failing to furnish reports when required must be assessed a penalty of one hundred dollars for each day such reports are delinquent.

Registration for Electronic Filing

Completed reports are to be filed electronically as required under North Dakota Century Code § 5-01 and § 5-03 on Taxpayer Access Point (TAP). Be sure you are submitting the report in the Excel .xls format prescribed by the Commissioner.

New users will need to register for TAP access at nd.gov/tax/tap. Please follow these steps to create your TAP account:

• Sign Up for Access
  o Create a TAP logon and password. An authorization code will be either mailed or emailed to you or the business depending on the access level chosen.
• Log into TAP
  o Once you receive your authorization code you may log into TAP. The authorization code is only used the very first time you log into TAP. You may discard the code after successfully logging into the system.
• Add access to account(s)
  o Once a user is logged in, he/she can request access to an account by selecting “Add / Grant Access” then “Add Access to Another Account” and enter the following information about the taxpayer and account:
    □ Entity Type (Corporation, Sole Proprietor, etc.)
    □ Identification Number (FEIN or SSN)
    □ Type of Account (Beer Tax)
    □ Account Number
    □ Letter ID (from a recent letter issued on the account).

• All beer transferred must be accounted for and will be reviewed for accuracy.

Amending Schedule T Reports

Amended reports will be necessary when a Schedule T report was filed incorrectly. To correct an original report, a “total replacement” amended report must be electronically submitted.

1. Make the following changes on your Amended Schedule T Report:
   • Enter an “A” for amended report instead of an “O” for original report on the Schedule T Coversheet.
   • Update the Schedule T Worksheet and Transfer Worksheet to what should have been reported.
   • Update the amounts on the Schedule T Coversheet to what should have been reported.
   • Enter the amount of tax previously paid in line 25 of the Schedule T Coversheet. Line 26 will then
     reflect the additional tax due or the overpayment amount as a result of the updated information.
     Previously paid tax on line 25 would be the tax paid with the original return for the reporting period.
   • If the amount on line 26 shows tax due, calculate and enter the penalty due on late returns (5% of
     total tax due on line 21 or $5.00, whichever is greater) on line 27 and enter interest on late returns if
     applicable (1% of tax due per month except for month after the return or tax becomes due) on line 28.
   • Line 29 automatically calculates the total tax, penalty and interest due.
   • Enter the amount of your additional payment on line 30. If an amended return results in an overpayment,
     enter zero on line 30 and a refund will be issued.

2. Save the Amended Schedule T Report in the Excel .xls format. This amended document will be
   uploaded into TAP.

3. Submit the Amended Schedule T Report on TAP.
   • Log on to TAP using your TAP logon and password.
   • Choose the account number for which the report needs to be submitted.
   • Choose the filing period for which the amended report needs to be submitted.
   • Choose the File, amend or print a return link under the I WANT TO section.
   • Upload the Amended Schedule T Report Excel file.
   • Complete the required information and submit the report.
   • Make your amended report payment through TAP, if additional payment is due.
