

A claim for a refund of motor vehicle fuel (gasoline/gasohol) or special fuel (undyed diesel/dyed diesel) taxes may be filed by any agency of the United States government. An agency of the United States government is exempt from North Dakota fuel taxes. Any refund submission must be more than five dollars. The purchase of fuel, including the taxes, must have been billed directly to the Federal Agency and, if paid, the tax is fully refundable.

All motor fuel refunds must now be submitted electronically through the North Dakota Taxpayer Access Point (ND TAP) tap.tax.nd.gov

When Can a Claim be Filed?

- Any time between January 1 and June 30 of the year following that in which the fuel was purchased.
- Any time during the year the fuel was purchased when the refundable taxes reach \$400.00 or more.

Invoices or Sales Tickets

You must scan and attach copies of all relevant invoices or sales tickets detailing your fuel purchases to submit your claim. These documents must have been created by the seller of the fuel. The law specifies that each invoice or sales ticket must include:

- The seller's name and address.
- The date the fuel was purchased.
- The type of fuel purchased.
- The number of gallons of motor vehicle fuel purchased.
- Your name or your business name.

In addition, there should be a document number on the invoice or sales ticket. Invoices, sales tickets, or certified listings that do not contain the required information will not be accepted and the entire claim may be denied.

Certified Histories – An Alternative to Invoices or Sales Tickets

In lieu of individual invoices, you may submit a certified history detailing the required information. Certified histories must be prepared by the seller of the fuel and should detail each purchase of fuel for which a refund is being claimed. The history must include a certification statement verifying that the information is a true and correct record of sales to the specific consumer and that original documentation is available for audit purposes, if needed.

Audit

All tax refund claims may be subject to audit by the Office of State Tax Commissioner. An audit may be conducted any time within three years after the due date of the claim or within three years after the claim was filed, whichever occurs later. If your claim is selected for audit, you will be required to provide any additional information to verify that the claim was true and correct.
