## Changes affecting partnerships

### Developments, updates, and items of interest relating to partnership income tax

#### New automation credit

For tax years 2019 through 2022 only, a new income tax credit is available to a primary sector business for purchasing new or used automation and robotic machinery and equipment. The purchases must upgrade or advance a manufacturing process by improving job quality or increasing productivity. A taxpayer must apply to the North Dakota Commerce Department for a review and approval of the purchases.

The credit is 20% of the purchase cost. The maximum credits allowed to all taxpayers is \$1 million per calendar year. If total credits claimed in a year exceed \$1 million, the available credits are prorated among the qualifying taxpayers. Based on Commerce Department-approved purchases, the State Tax Commissioner will calculate the allowable credit and issue a credit certification letter to each taxpayer. A partnership or other passthrough entity passes the credit through to its owners. An unused credit may be carried over up to five tax years.

Within one year of claiming the credit, a taxpayer must file a report prescribed by the State Tax Commissioner to document the improved job quality or increased productivity. See Form 58, Schedule K, line 22.

#### New disabled or mentally ill person employment credit

For tax years 2019 and 2020 only, an income tax credit is available for employing a developmentally disabled or mentally ill individual. To qualify, an employer must apply for and obtain from the North Dakota Department of Human Services, Vocational Rehabilitation Division, a letter certifying that the individual has a severe developmental or mental disability, is eligible for the agency's services, and requires customized employment to become employed. The credit is 25% of the wages paid to the individual during the tax year, up to a maximum credit of \$1,500 per year. The credit is allowed for each eligible individual hired. A partnership or other passthrough entity passes the credit through to its owners. The credit may not offset more than 50% of a taxpayer's tax liability

(before credits), and an unused credit may not be used in any other year. See Form 58, Schedule K, line 23.

#### New alternative simplified research credit

For tax years 2019 and after, a taxpayer may elect to use an alternative simplified method to calculate the North Dakota research income tax credit. Under this method, the credit is equal to 17.5% of the first \$100,000 of North Dakota alternative excess research and development expenses plus 5.6% of the amount in excess of \$100,000.

"North Dakota alternative excess research and development expenses" means the amount by which qualified research expenses incurred in North Dakota exceed 50% of the average qualified research expenses incurred in North Dakota for the three tax years preceding the tax year for which the credit is being claimed. Regardless of the method used to calculate the federal research income tax credit, a taxpayer may choose on a year-to-year basis to use either the regular method or the alternative simplified method to calculate the North Dakota credit. Once chosen, the method is binding for the tax year.

If a taxpayer has zero qualified research expenses (as defined for purposes of the regular research credit calculation) in any of the three preceding tax years, the credit is equal to 7.5% of the first \$100,000 of qualified research expenses plus 2.4% of the amount in excess of \$100,000.

See Form 58, Schedule K, line 7.

#### Revised nonprofit private school credits

**Prior law.** Pre-2019 tax law provided an income tax credit to taxpayers other than individuals for making a charitable contribution to nonprofit private primary schools, high schools, and colleges in North Dakota. A separate credit is allowed for each school category. While an individual was not allowed a credit for a direct contribution, an individual could claim a credit received from a partnership or other passthrough entity that made a qualifying contribution.

Passthrough entities passed a credit (equal to 50% of contributions within a school category) through to their owners. C corporations were allowed a credit equal to the lesser of (1) 50% of direct contributions within a school category plus any credit in the same category received from a passthrough entity, (2) 20% of the corporation's tax liability before credits, or (3) \$2,500. For individuals, a credit was calculated in the same manner as for a C corporation except that only credits from passthrough entities could be considered. An unused credit may not be used in any other tax year.

**New law.** For tax years 2019 and 2020 only, an individual is allowed a credit for direct contributions to a qualifying school. Also, the tax liability limitation on the credit was increased from 20% to 25%. Unless changed by the legislature, the law will revert to how it was prior to 2019 starting with the 2021 tax year.

See Form 58, Schedule K, lines 18 through 20.

#### Changes to 2019 partnership forms

On **Form 58, Schedule K**, the following changes were made:

- Line 12 was changed to reflect the general expiration of the biomass, geothermal, solar, and wind energy device income tax credit on December 31, 2014. An exception applies for a wind device if its installation commenced before January 1, 2015, and was completed before January 1, 2017. See instructions to Schedule K, line 12, for more information.
- Two new lines were added for the new automation credit (line 22) and the new disabled or mentally ill employment credit (line 23). See separate articles on this page.

On **Schedule K-1 (Form 58), Part 3**, line changes were made corresponding to the line changes on Schedule K of Form 58.

## General instructions

### Who must file

A 2019 Form 58, *Partnership Income Tax Return*, must be filed by a partnership that meets both of the following:

- It is required to file a 2019 Form 1065, *U.S. Return of Partnership Income*.
- It carries on business, or derives gross income from sources, in North Dakota during the 2019 tax year.

**Investment partnership.** A partnership that elects out of the partnership rules under I.R.C. § 761(a)(1) and does not file a federal partnership return must file a 2019 Form 58 if it carries on investment activity, or derives any gross income from sources, in North Dakota during its 2019 tax year. A 2019 Form 1065 must be completed on a pro forma basis and attached to Form 58.

**Limited liability company (LLC).** A limited liability company that is classified as a partnership for federal income tax purposes is treated like a partnership for North Dakota income tax purposes and must file Form 58 if it meets the above conditions for filing.

**Nonfiler penalty.** If a partnership does not file Form 58 as required, a minimum \$500 penalty may be assessed if the failure continues after receiving a thirty-day notice to file from the Office of State Tax Commissioner.

### Disaster recovery tax exemptions.

Exemptions from state and local tax filing and payment obligations are available to out-of-state businesses and their employees who are in North Dakota on a temporary basis for the sole purpose of repairing or replacing natural gas, electrical, or telecommunication transmission property that is damaged, or under threat of damage, from a state- or presidentially-declared disaster or emergency. For more information, go to [www.nd.gov/tax](http://www.nd.gov/tax).

### When and where to file

The 2019 Form 58 must be filed on or before (1) April 15, 2020, if filing for the 2019 calendar year, or (2) the 15th day of the 4th month following the end of the tax year, if filing for a fiscal year beginning in the 2019 calendar year. If the due date falls on a Saturday, Sunday, or holiday, the return may be filed on or before the next day that is not a Saturday, Sunday, or holiday.

*Note: Use the 2018 Form 58 if filing for a fiscal year beginning in the 2018 calendar year.*

Mail Form 58 and all required attachments to:

Office of State Tax Commissioner  
600 East Boulevard Ave., Dept. 127  
Bismarck, ND 58505-0599

### Extension of time to file

An extension of time to file Form 58 may be obtained in one of the following ways:

- Obtain a federal extension.
- Separately apply for a North Dakota extension.

**Federal extension.** If an extension of time to file the federal partnership return is obtained, it is automatically accepted as an extension of time to file Form 58. If this applies, a separate North Dakota extension does not have to be applied for, nor does the Office of State Tax Commissioner have to be notified that a federal extension has been obtained prior to filing Form 58. The extended due date for North Dakota purposes is the same as the federal extended due date.

**North Dakota extension.** If a federal extension is not obtained, but additional time is needed to complete and file Form 58, a separate North Dakota extension may be applied for by filing Form 101, *Application for Extension of Time to File a North Dakota Tax Return*. This is not an automatic extension—there must be good cause to request a North Dakota extension. Form 101 must be postmarked on or before the due date of Form 58. Notification of whether the extension is accepted or rejected will be provided by the Office of State Tax Commissioner.

**Extension interest.** If Form 58 is filed on or before the extended due date, and the total amount of tax due is paid with the return, no penalty will be charged. Interest on the tax due will be charged at the rate of 12% per year from the original due date of the return to the earlier of the date the return is filed or the extended due date.

**Prepayment of tax due.** If an extension of time to file Form 58 is obtained, any tax expected to be due may be paid on or before the regular due date to avoid paying extension interest. For more information, including payment options, obtain the 2019 Form 58-EXT.

Alternatively, a check or money order may be sent with a letter containing the following: (1) name of partnership, (2) partnership's FEIN, (3) partnership's address and phone number, and (4) statement that the payment is a 2019 Form 58-EXT payment.

### Penalty and interest

If an extension of time to file Form 58 was obtained, the tax due may be paid by the extended due date of the return without penalty, but extension interest will apply—see "Extension interest" and "Prepayment of tax due" on this page.

If Form 58 is filed by its due date (or extended due date), but the total amount of tax due is not paid by the due date (or extended due date), a penalty equal to 5% of the unpaid tax or \$5.00, whichever is greater, must be paid.

If Form 58 is filed after its due date (or extended due date), and there is an unpaid tax due on it, a penalty equal to 5% of the unpaid tax due or \$5.00, whichever is greater, for the month the return was due plus 5% of the unpaid tax due for each additional month (or fraction of a month) during which the return remains delinquent must be paid. This penalty may not exceed 25% of the tax due.

In addition to any penalty, interest must be paid at the rate of 1% per month or fraction of a month, except for the month in which the tax was due, on any tax due that remains unpaid after the return's due date (or extended due date).

## Estimated tax payment (for 2020)

A partnership may, but is not required to, make estimated income tax payments. For more information, including payment options, obtain the 2020 Form 58-ES.

## Withholding from nonresident partners

A partnership must withhold North Dakota income tax at the rate of 2.90% from the year-end distributive share of North Dakota income of a nonresident partner. See “Publicly traded partnership” on this page for an exception to this requirement.

**Nonresident partner.** For purposes of this withholding requirement, a nonresident partner means:

- an individual who is not domiciled in North Dakota;
- a trust, including a grantor trust, that is not organized under North Dakota law. This only includes trusts that are subject to income tax; or
- a passthrough entity that has a commercial domicile outside North Dakota. A passthrough entity includes a partnership, S corporation, limited liability company treated like a partnership or S corporation, and any other similar entity.

**Exemption from withholding.** No withholding is required if any of the following apply:

- The distributive share of North Dakota income is less than \$1,000.
- The nonresident partner elects to include the distributive share in a composite filing—see “Composite filing” on this page.
- The nonresident partner is a passthrough entity and elects exemption from withholding on its distributive share of North Dakota income. For more information, obtain Form PWE.

**Withholding procedure.** This withholding requirement applies to a nonresident partner’s year-end distributive share of North Dakota income, which is determined at the end of the partnership’s tax year and reported on Form 58, Schedule KP, Column 6. The requirement does not apply to actual distributions made to a nonresident partner during the tax year. The withholding amount is calculated and reported on Schedule KP,

Column 7. If a nonresident partner meets certain conditions, an amount less than the amount calculated at the 2.90% tax rate may be withheld. For the qualifying conditions, see Form PWA. A partnership must submit a payment for the total amount of withholding reported on Schedule KP, Column 7, with Form 58 when it is filed.

**Publicly traded partnership.** A publicly traded partnership, as defined under Internal Revenue Code § 7704(b), does not have to withhold North Dakota income tax from its unitholders if it meets both of the following:

- It is treated as a partnership for federal income tax purposes.
- It reports on Form 58, Schedule KP, every unitholder with a North Dakota distributive share of income of over \$500.

## Composite filing

A composite filing method is available to a partnership with one or more eligible nonresident partners. Under this method, a partnership calculates the North Dakota income tax on an eligible nonresident partner’s year-end distributive share of North Dakota income and pays the tax with Form 58. The tax is calculated at the highest individual income tax rate (which is 2.90% for the 2019 tax year), and no adjustments, deductions, or tax credits are allowed in calculating the tax. A composite filing satisfies the North Dakota income tax filing and payment obligations of the eligible nonresident partners included in it, which means they do not have to separately file their own North Dakota income tax returns. The composite filing method is optional and does not require prior approval from the Office of State Tax Commissioner, and a choice to use it may be made on a year-to-year basis.

**Eligible nonresident partner.** For purposes of this composite filing method, a nonresident partner has the same meaning as that used for withholding income tax from nonresident partners—see “Withholding from nonresident partners” on this page. A nonresident partner is eligible to be included in a composite filing if both of the following apply:

- The nonresident partner’s only source of income within North Dakota is one or more passthrough entities. A passthrough entity includes a trust, partnership, S corporation, limited liability company treated like a partnership or S corporation, and any other similar entity.
- The nonresident partner elects to be included in a composite filing. An election is indicated by the partnership’s

calculation and reporting of a tax amount for the nonresident partner on Form 58, Schedule KP, Column 8. (If the distributive share is a loss, the tax is zero.)

The distributive share of North Dakota income included in a composite return is subject to tax even if it is under \$1,000.

## Composite filing method procedure.

The tax under the composite filing method is calculated and reported on Form 58, Schedule KP, Column 8. A partnership must submit a payment for the total tax reported on Schedule KP, Column 8, with Form 58 when it is filed.

## Correcting a previously filed return

If a partnership needs to correct an error on Form 58 after it is filed, the partnership must file an amended return. There is no special form for this purpose. See “How to prepare an amended 2019 return” below.

If a partnership paid too much tax because of an error on its 2019 Form 58, the partnership generally has three years from the due date of the return (excluding extensions) or the date the return was actually filed, whichever is later, in which to file an amended return to claim a refund of the overpayment. See N.D.C.C. § 57-38-40 for other time periods that may apply.

## How to prepare an amended 2019 return

1. Obtain a blank 2019 Form 58.
2. Enter the partnership’s name, current address, FEIN, etc., in the top portion of page 1 of Form 58.
3. Fill in the “Amended return” circle at the top of page 1 of Form 58.
4. Complete Schedules FACT, K, and KP using the corrected information. However, unless there is an increase in the amount reported on Schedule KP, Column 6, of the amended return, enter on Schedule KP, Column 7, the same amount reported on the previously filed return. Then complete lines 1 through 3 on page 1 of Form 58.
5. On line 5 of page 1 of Form 58, enter the total taxes due from the previously filed 2019 Form 58, page 1, line 3.
6. Complete line 7 (overpayment) or line 10 (tax due), whichever applies. If there is an overpayment on line 7, enter the full amount on line 9 (refund). On an amended return, the amount credited to the next

year's estimated tax (line 8) may not be increased or decreased.

7. Attach a statement explaining the reason(s) for filing the amended return. If it is because of changes the partnership or the IRS made to the partnership's 2019 Federal Form 1065, attach a copy of the amended federal return or IRS notice.
8. Complete and provide a corrected Schedule K-1 (Form 58) to the partners, as required.

### Reporting federal changes

If the Internal Revenue Service (IRS) changes or audits the federal partnership return, or if a partnership files an amended federal partnership return, an amended North Dakota Form 58 must be filed within ninety days after the final determination of the IRS changes or the filing of the amended federal return. Enclose a copy of the IRS audit report or the amended federal partnership return with the amended North Dakota Form 58.

### W-2/1099 reporting requirement

Every partnership doing business in North Dakota that is required to file Federal Form 1099 or W-2 must also file one with the Office of State Tax Commissioner. For more information, obtain the guideline *Income Tax Withholding: Information Returns*.

### Disclosure notification

Upon written request from the chairman of a North Dakota legislative standing committee or Legislative Management, the law requires the Office of State Tax Commissioner to disclose the amount of any deduction or credit claimed on a tax return. Any other confidential information, such as a taxpayer's name or federal employer identification number, may not be disclosed.

### Use of information

All of the information on Form 58 and its attachments is confidential by law and cannot be given to others except as provided by state law. Information about the partners is required under state law so the Office of State Tax Commissioner can determine the partner's correct North Dakota taxable income and verify if the partner has filed a return and paid the tax.

## General instructions for completing Form 58

### Complete Form 58 as follows:

1. Complete Federal Form 1065 (or 1065-B) in its entirety.
2. Complete Items A through J at the top of page 1 of Form 58—see page 4.
3. Complete Schedule FACT on page 2 of Form 58—see page 5.
4. Complete Schedule K on page 3 of Form 58—see page 6.
5. Complete Schedule KP on page 5 of Form 58—see page 9.
6. Complete lines 1 through 12 on page 1 of Form 58—see page 11.
7. Complete Schedule K-1, if required, for the partners—see page 11.

**Rounding of numbers.** Numbers may be entered on the return in dollars and cents, or they may be rounded to the nearest whole dollar. If rounding, drop the cents if less than 50 cents and round up to the next whole dollar amount if 50 cents or higher. For example, \$25.36 becomes \$25.00, and \$25.50 becomes \$26.00.

**Fiscal year filers.** The tax year for North Dakota income tax purposes must be the same as the tax year used for federal income tax purposes. Use the 2019 Form 58 if the partnership's taxable year began in the 2019 calendar year. *Note: Use the 2018 Form 58 if the taxable year began in the 2018 calendar year.*

## Specific line instructions for page 1 of Form 58, Items A-J

**Complete Items A through J at the top of page 1 of Form 58. Then complete Schedule FACT, Schedule K, and Schedule KP before completing lines 1 through 12 on page 1 of Form 58.**

### Item A Tax year

The same tax year used for federal income tax purposes (as indicated on the federal partnership return) must be used for North Dakota income tax purposes. Fill in the applicable circle. If the partnership uses a fiscal year, enter the beginning and ending dates of the fiscal year. Use the 2019 Form 58 only if the partnership's tax year began in the 2019 calendar year.

### Item B Name and address

Enter the legal name of the partnership on the first line of the name and address area. If the partnership publicly operates under a fictitious or assumed name (which, in most states, must be recorded or registered with the state), enter that name on the second line of the name and address area. If filing an amended return, enter the most current address.

### Item C Federal EIN

North Dakota uses the federal employer identification number (FEIN or federal EIN) for identification purposes. Enter the federal employer identification number from page 1 of Federal Form 1065.

### Item D Business code number

Enter the business code number from the NAICS code list found on the Office of State Tax Commissioner's website at [www.nd.gov/tax](http://www.nd.gov/tax). Enter the code that most closely describes the industry in which the partnership derives most of its income.

### Item E Date business started

Enter the date the business started from page 1 of Federal Form 1065.

### Item F Indicators

Fill in applicable circles, as follows:

**Initial return.** Fill in circle if this is the first return filed in North Dakota by the partnership.

**Final return.** Fill in circle if this is the last return to be filed in North Dakota by this partnership.

**Farming/ranching partnership.** Fill in circle if this is an LLC that is registered as a farming and ranching LLC with the North Dakota Secretary of State.

**Filed by an LLC.** Fill in circle if the entity filing this return is a limited liability company (LLC).

**Composite return.** Fill in this circle *only if* (1) the partnership has one or more nonresident partners eligible to be included in a composite filing and (2) *all* of them elected to include their distributive shares of North Dakota source income in a composite filing. See “Composite filing” on page 3 for more information.

**Amended return.** Fill in circle if this return is being filed to correct a previously filed 2019 Form 58. See “Correcting a previously filed return” on page 3 for more information.

**Extension.** Fill in circle if a federal or state extension of time to file the return was obtained. See “Extension of time to file” on page 2 for more information.

#### **Item G Number of partners**

Enter the total number of partners and the number of each type of partner.

#### **Item H Professional service partnership**

Indicate whether the partnership is a professional service partnership. A “professional service partnership” is a partnership that engages in the practice of law, accounting, medicine, or any other profession in which the capital or the services of employees are not a material income-producing factor. The services performed by the partners themselves must be the primary income-producing factor. A professional service partnership does not include one that primarily engages in wholesale or retail sales activity, manufacturing activity, or any other type of activity in which the capital or the services of employees are a material income-producing factor.

#### **Item I Publicly traded partnership**

Indicate whether the partnership is a publicly traded partnership. A “publicly traded partnership” is a partnership in which interests in it are either traded on an established securities market or are readily tradable on a secondary market.

#### **Item J Tiered partnership**

Indicate whether the partnership holds an interest in one or more other partnerships or limited liability companies. If it does, attach a statement to Form 58 showing the name and federal employer identification number of each partnership or limited liability company in which it holds an interest.

## **Instructions for Schedule FACT (Form 58, page 2)**

### **General instructions**

All partnerships must complete the applicable portions of Schedule FACT.

If the partnership has ONLY individual, estate, and trust partners, complete Schedule FACT as follows:

- **100% North Dakota partnership**  
If the partnership conducted all of its business within North Dakota during the tax year, skip lines 1 through 13 and enter “1.000000” on line 14.
- **Multistate partnership**  
If the partnership conducted its trade or business both within and without North Dakota during the tax year, complete lines 1 through 14. However, if all of the partners consist of only North Dakota resident individuals, estates, and trusts, skip lines 1 through 13 and enter “1.000000” on line 14.

If the partnership has a partner OTHER THAN an individual, estate, or trust, complete lines 1 through 14 of Schedule FACT.

### **Apportionment factor in general**

In general, the apportionment factor is a product of a formula consisting of an equally-weighted average of three factors: property, payroll, and sales. Each factor represents the percentage of the partnership’s North Dakota activity compared to its total activity everywhere. A partnership multiplies its business income by the apportionment factor to determine the portion of its business income attributable to North Dakota.

If the partnership includes the distributable share of income from another partnership in its apportionable business income, include in the numerator and denominator of each factor the partnership’s proportionate share of the other partnership’s apportionment factors—see the specific line instructions for more information. Do not include in the factors any property, payroll, or sales related to allocable nonbusiness income—see the instructions to Form 58, Schedule K, line 25, for what constitutes allocable nonbusiness income.

If the amount of any factor’s denominator is zero, exclude that factor from the calculation.

Special apportionment rules may apply in the case of certain industries or unique circumstances. For additional information on the apportionment factor, see N.D.C.C. ch. 57-38.1 and N.D. Admin. Code ch. 81-03-09.

### **Specific line instructions**

#### **Property Factor**

##### **Lines 1 through 6 Owned and rented property**

Enter on the applicable line the average value of real and tangible personal property owned and rented by the partnership. For owned property, this generally means the average of the original cost (before depreciation) used for federal income tax purposes. For rented property, this generally means the amount of rent paid multiplied by eight. Certain property items are subject to special rules. Do not include amounts related to construction in progress. Include on line 5 the partnership’s share of the property factor from a North Dakota Schedule K-1 (Form 58), Part 6.

The average value of owned and rented property is assigned to North Dakota if the property is located in North Dakota. The amount attributable to mobile property is generally assignable to North Dakota based on a ratio of the property’s time spent in North Dakota. For more complete information on the property factor, see N.D. Admin. Code §§ 81-03-09-15 through 81-03-09-21 and 81-03-09-33.

#### **Payroll Factor**

##### **Line 8**

Enter the amount of total compensation paid to employees for the tax year. This includes gross wages, salaries, commissions, and any other form of remuneration paid to the employees. Use the amount before deductions for deferred compensation, flexible spending plans, and other payroll deductions. Do not include amounts paid for employee benefit plans that are not considered taxable wages to the employee. An employee is an individual treated as an employee under the usual common law rules, which generally mirror an individual’s status for purposes of unemployment compensation and the Federal Insurance Contribution Act. Do not include on this line guaranteed payments to partners.

Compensation of an employee's services performed entirely within North Dakota is assigned to North Dakota. For an employee whose services are performed in more than one state, compensation is generally assigned to North Dakota based on the amount of compensation reported to North Dakota for unemployment compensation purposes. Whether or not state income tax was withheld from an employee's compensation does not affect where the compensation is assigned for apportionment factor purposes. Include on this line in the applicable column the partnership's share of the payroll factor from a North Dakota Schedule K-1 (Form 58), Part 6. For more complete information on the payroll factor, see N.D. Admin. Code §§ 81-03-09-22 through 81-03-09-25.

### Sales Factor

#### Line 9 Everywhere sales

Enter the partnership's total sales or receipts, less returns or allowances, for the tax year. Sales generally means all gross receipts of a partnership. However, the types of sales or gross receipts included in the sales factor depend on the nature of the partnership's regular business activities and may include amounts other than sales reported on Form 1065, line 1. Include on this line the partnership's share of the everywhere sales from a North Dakota Schedule K-1 (Form 58), Part 6.

#### Line 10 North Dakota sales

For sales of tangible property, the sale is assigned to North Dakota if the destination of the property is in North Dakota, regardless of the shipping terms. For sales of other than tangible property, the sale is assigned to North Dakota if the income-producing activity which gave rise to the receipt is performed in North Dakota. Include on this line the partnership's share of the North Dakota sales from a North Dakota Schedule K-1 (Form 58), Part 6. For more complete information, see N.D. Admin. Code §§ 81-03-09-26 through 81-03-09-31 and 81-03-09-34.

#### Line 11 Throwback sales

Enter the amount of sales shipped from a location in North Dakota that are delivered to the U.S. government or to another state or

country where the sales are not subject to a tax measured by income in that jurisdiction. For more complete information, see N.D. Admin. Code §§ 81-03-09-29 and 81-03-09-30.

#### Line 14 Apportionment factor

Divide line 13 by the number of factors having an amount greater than zero in column 1 on lines 7, 8, and 12. Enter the result on this line.

## Instructions for Schedule K (Form 58, page 3)

All partnerships must complete Schedule K. The purpose of this schedule is to show the total amount of North Dakota adjustments, credits, and other items distributable to its partners. These items may be applicable to the preparation of the partners' North Dakota income tax returns.

*Reminder: Be sure to attach to Form 58 any prescribed schedule or other supporting document specified in the instructions.*

#### Property tax clearance

North Dakota Century Code § 57-01-15.1 provides that, before certain state tax incentives may be claimed, a taxpayer must obtain a property tax clearance record from each North Dakota county in which the taxpayer holds a 50 percent or more ownership interest in real property. The property tax clearance record(s) must be attached to the North Dakota tax return on which the incentive is claimed. Certain tax incentives on Form 58, Schedule K, are subject to this requirement. The incentives subject to this requirement are identified in the box at the top of Schedule K.

If the partnership is claiming any of the specified incentives, it must complete the property tax clearance section at the top of Schedule K. If the partnership is required to attach a property tax clearance record, obtain one by completing the form *Property Tax Clearance Record*, which is available on the Office of State Tax Commissioner's website.

**Line 24a.** Enter the total guaranteed payments from Federal Form 1065, Schedule K, line 4.

### Line 25 Allocable nonbusiness income

Lines 25a and 25b apply only if the partnership meets all of the following:

- It is a multistate partnership, i.e., it carries on its trade or business activity both within and without North Dakota.
- It has one or more nonresident individual, estate, or trust partners.
- It has allocable nonbusiness income. Generally, all income received by a partnership is considered business income unless clearly classifiable as nonbusiness income. The classification of income by the labels used to describe it—for example, interest, dividends, rents, royalties, operating income, or nonoperating income—is generally not relevant in determining whether income is business or nonbusiness income. For more information, see N.D. Admin. Code § 81-03-09-03.

Nonbusiness income is not apportioned using the apportionment factor (from Schedule FACT) but is allocated within or without North Dakota as provided under N.D.C.C. §§ 57-38.1-04 through 57-38.1-08 and N.D. Admin. Code § 81-03-09-09. Expenses must be attributed to the nonbusiness income in a manner which fairly distributes all of the partnership’s expenses to its business and nonbusiness income.

If the partnership has an item of nonbusiness income subject to allocation, the partnership must take this into account when calculating

the North Dakota distributive share of income or loss reportable on Schedule KP and Schedule K-1 (Form 58). See the instructions to Schedule KP, Column 6, on page 10 for more information. In addition to completing lines 25a and 25b, the partnership must attach the following to Form 58:

- A statement on which each item of nonbusiness income is shown along with its related expenses.
- A statement explaining the basis for treating the item of income as nonbusiness income subject to allocation.
- If an item of nonbusiness income is allocated to a state other than North Dakota, a copy of that other state’s income tax return must be attached. If the partnership is not required to file an income tax return with the other state, the partnership must indicate this in the attached statement.

**Line 25a.** Enter the total allocable income (less related expenses) from all sources within and without North Dakota.

**Line 25b.** Enter the portion of the amount on line 25a that is allocable to North Dakota.

### Line 26 Disposition of I.R.C. Section 179 property

Lines 26a through 26d apply only if the partnership sold, exchanged, or disposed of property for which an I.R.C. Section 179 deduction was passed through to the partners. *Note: The partnership is required to report this same information on a separate statement attached to Federal Form 1065, Schedule K, line 20c.*

For lines 26a through 26d, multiply the corresponding combined amount for all partners as reported on Federal Form 1065, Schedule K, line 20c, by the apportionment factor from Schedule FACT, line 14, and enter the result. However, if the property disposed of is treated as a nonbusiness asset the gain or loss from which is subject to allocation under N.D.C.C. §§ 57-38.1-04 through 57-38.1-08, subtract the amounts for that asset before multiplying by the apportionment factor. Include the nonbusiness gain or loss from the disposition on Form 58, Schedule K, line 25.

## Instructions for Schedule KP (Form 58, page 5)

Schedule KP must be completed to provide information about each partner. If the partnership has more than seven partners, complete and attach additional schedules as needed to list all partners. Complete Column 6 for each nonresident partner and tax-exempt organization partner. Except as provided below, multiply the partner's amount in Column 5 by the apportionment factor from Schedule FACT, line 14, and enter the result in Column 6.

**Exception:** Complete the **Worksheet for Schedule KP, Column 6** on this page to calculate the amount to enter in Column 6 if any of the following apply:

- The partnership is a professional service partnership that made guaranteed payments for services performed by nonresident individual partners. These payments are not apportioned, but are allocated to the state where the services were performed by the partner. See the instructions to Form 58, page 1, Item H, on page 5 for more information.
- The partnership has an item of nonbusiness income subject to allocation. See the instructions to Form 58, Schedule K, line 25, on page 9 for more information.
- The amount in Column 5 includes interest from U.S. obligations.

**Column 7 Nonresident partner only**

If a nonresident partner's distributive share of North Dakota income in Column 6 is \$1,000 or more, multiply the amount in Column 6 by 2.90% (.029) and enter the result in Column 7. However, the following exceptions apply:

- If a nonresident partner gives you a completed Form PWA, enter the amount from line 5 of Form PWA in Column 7 and fill in the circle under "Form PWA or Form PWE."
- If a nonresident partner gives you a completed Form PWE, leave Column 7 blank and fill in the circle under "Form PWA or Form PWE."
- If a nonresident partner elected to be included in a composite filing, leave Column 7 blank and see the instructions to Column 8.

See "Withholding from nonresident partners" on page 3 for more information.

**Column 8 Nonresident partner only**

*Note: Leave Column 8 blank if Column 7 was completed for the nonresident partner.*

Complete Column 8 for each nonresident partner electing to be included in a composite filing. Multiply the amount in Column 6 by 2.90% (.029) and enter the result in Column 8. If the amount in Column 6 is zero or less, enter zero in Column 8. See "Composite filing" on page 3 for more information.

## Specific line instructions for page 1 of Form 58, lines 1-12

**Complete Schedule FACT, Schedule K, and Schedule KP before completing lines 1 through 12 on page 1 of Form 58.**

### Line 4 Income tax withholding

Enter the North Dakota income tax withholding shown on a 2019 Form 1099 or North Dakota Schedule K-1. Be sure the state identified on the Form 1099 is North Dakota. Also enter the North Dakota income tax withholding shown on a 2018 North Dakota Schedule K-1 if the entity that issued it has a fiscal tax year ending in the partnership's 2019 tax year. Do not enter on this line North Dakota extraction or production taxes withheld from mineral interest income, such as an oil or gas royalty, because they are not income taxes. **Attach a copy of the Form 1099 or North Dakota Schedule K-1.**

### Line 5 Estimated tax payments

Enter the amount paid with the 2019 Forms 58-EXT and 58-ES plus any overpayment applied from the 2018 Form 58. However, if filing an amended return, do not enter any previously paid estimated tax amount; instead, enter the amount of the total taxes due from line 3 of the previously filed original or amended return.

### Line 8 Application of overpayment to 2020

If there is an overpayment on line 7, the partnership may elect to apply part or all of it as an estimated payment toward its 2020 tax liability. To make the election, enter the portion of line 7 to be applied on line 8. If this election is made, the election and the amount applied may not be changed after the return is filed. If this is an amended return, do not make an entry on this line.

### Line 10 Tax due

A tax due must be paid in full with the return when the return is filed. See the instructions to line 12 for payment options.

### Line 11 Penalty and interest

The Office of State Tax Commissioner will notify the partnership of any penalty and interest payable on a tax due shown on Form 58. However, the partnership may calculate the penalty and interest amounts and include them in the balance due on Form 58.

**Penalty.** Calculate the penalty amount as follows:

- If Form 58 is filed by the due date (or extended due date), but the total amount of tax due is not paid with the return, the penalty is equal to 5% of the unpaid tax or \$5.00, whichever is greater.
- If Form 58 is filed after its due date (or extended due date), and there is an unpaid tax due on it, a penalty equal to 5% of the unpaid tax due (with a \$5.00 minimum) applies for the month the return was due, plus 5% of the unpaid tax due (with a \$5.00 minimum) for each month or fraction of a month the return remains unfiled, not to exceed the greater of 25% of the unpaid tax due or \$25.00.

**Interest.** Calculate the interest amount as follows:

- If an extension of time to file Form 58 was obtained, extension interest is calculated at the rate of 12% per year on any tax due from the due date of the return to the earlier of the extended due date or the date the return was filed.
- If the total amount of tax due is not paid by the due date (or extended due date) of the return, interest is calculated at the rate of 1% per month or fraction of a month on the unpaid tax, except for the month in which the return was due.

### Line 12 Balance due

The balance due must be paid in full with the return. The payment may be made electronically in one of the following ways.

- **Online**—A payment may be made online with an electronic check or a debit or credit card. The electronic check option is free. North Dakota contracts with a national payment service to provide the debit or credit card option. There is a fee for the debit or credit option, none of which goes to the State of North Dakota. To pay online, go to [www.nd.gov/tax/payment](http://www.nd.gov/tax/payment).

- **Electronic funds transfer**—A payment may be made by means of an Automated Clearing House (ACH) credit transaction that the taxpayer initiates through its banking institution. For more information, go to our website at [www.nd.gov/tax](http://www.nd.gov/tax).

If paying with a paper check or money order, complete a 2019 Form 58-PV payment voucher and enclose it with the payment. Make the check or money order payable to "ND State Tax Commissioner," and write the last four digits of the partnership's FEIN and "2019 Form 58" on the check or money order. A check must be drawn on a U.S. or Canadian bank, be in U.S. dollars, and use a standard 9-digit routing number. A check drawn on a foreign bank (except one in Canada) cannot be accepted.

## Instructions for completing Schedule K-1

A partnership is not subject to North Dakota income tax. Instead, the partners are responsible for reporting and paying any applicable North Dakota income tax on their shares of the partnership's income reportable to North Dakota.

North Dakota Schedule K-1 (Form 58) must be used by a partnership to provide its partners with information they will need to complete a North Dakota income tax return. The information to be included in the schedule will depend on the type of partner. In the case of certain credits reported on Schedule K-1 (Form 58), additional supporting information must be provided with Schedule K-1 — see the instructions to Part 3.

North Dakota Schedule K-1 (Form 58) must be completed and given to:

- Each nonresident partner for which the partnership is required to report the North Dakota distributive share of income on Form 58, Schedule KP, Column 6.
- Each partner to which a share of a North Dakota adjustment or tax credit from Form 58, Schedule K, lines 1 through 23, is distributable.
- Each partnership or corporation partner for the purpose of reporting a share of the apportionment factors from Form 58, Schedule FACT.
- Each tax-exempt organization partner.

If there are no North Dakota adjustments or tax credits on Form 58, Schedule K, lines 1 through 23, a North Dakota Schedule K-1 does not have to be given to a North Dakota resident individual, estate, or trust.

In addition to the North Dakota Schedule K-1 (Form 58), the partnership must provide the partner with a copy of the *Partner's Instructions for North Dakota Schedule K-1 (Form 58)*.

A copy of all North Dakota Schedule K-1 forms must be enclosed with Form 58 along with any required supporting statements.

**Amended schedule.** If a partnership files an amended Form 58, the partnership must issue amended North Dakota Schedule K-1 forms to its partners. Fill in the "Amended" circle at the top of the North Dakota Schedule K-1 (Form 58).

**Final schedule.** Fill in the "Final" circle at the top of the North Dakota Schedule K-1 (Form 58) if it is the last one to be issued by the partnership to the partner.

## Part 2 Partner information

### Item E

Enter the code letter for the partner from Form 58, Schedule KP, Column 3.

### Item F

If the partner is an individual, estate, or trust, fill in the applicable circle to indicate the legal residency status of the partner for North Dakota income tax purposes. If an individual partner changed his or her legal residency to or from North Dakota during the tax year, mark the part-year resident status. In the case of an estate or trust partner, only the full-year resident or full-year nonresident status will apply.

### Item G

For an eligible nonresident partner, indicate whether the partner is included in a composite filing by filling in the applicable circle.

### Item I

Enter the partner's ownership percentage from Form 58, Schedule KP, Column 4.

## Part 3 All partners— North Dakota adjustments and tax credits

If there are any North Dakota adjustments or tax credits on Form 58, Schedule K, lines 1 through 23, complete this part for all partners.

### Lines 1 and 2

Enter on the corresponding lines the amount determined by multiplying each amount shown on Form 58, Schedule K, lines 1 and 2, by the same percentage used to determine the partner's distributive share of income (loss) from the partnership.

### Lines 3 through 5

Enter on the corresponding lines the partner's share of each amount shown on Form 58, Schedule K, lines 3 through 5.

### Line 6

Enter on this line the amount determined by multiplying the amount on Form 58, Schedule K, line 6, by the same percentage used to determine the partner's distributive share of income (loss) from the partnership.

### Lines 7 through 23

Enter on the corresponding lines the partner's share of each amount shown on Form 58, Schedule K, lines 7 through 23. Also, for the following lines, additional supporting information must be provided with Schedule K-1:

**Lines 8 and 9.** Provide a statement identifying the qualified business or qualified agricultural commodity processing facility in which the qualifying investment was made.

**Line 15.** Provide a statement identifying the qualified nonprofit organization and the qualified endowment fund to which the qualifying contribution was made.

**Line 21.** Provide a statement identifying the angel fund that made the qualified investment in the qualified business.

## Part 4 Nonresident individual, estate, or trust partner only— North Dakota income (loss)

Complete Part 4 for a nonresident individual, estate, or trust partner.

### Line 24 Partnership's apportionment factor

Enter the partnership's apportionment factor from Form 58, Schedule FACT, line 14.

### Lines 25 through 38 Income and loss items

Except as provided under **Exceptions 1 through 3** below, multiply the corresponding amount from the partner's Federal Schedule K-1, Part III, boxes 1 through 13, and any I.R.C. § 179 property disposition

gain (loss) included in box 20 by the partnership's apportionment factor from Schedule FACT, line 14, and enter the result on the corresponding line of Part 4, lines 25 through 38.

For "Other deductions" from box 13 of Federal Schedule K-1, only include deductions that are allowed as a deduction from gross income in calculating adjusted gross income for federal income tax purposes.

For purposes of calculating the gain or loss for I.R.C. § 179 property dispositions included in box 20 of Federal Schedule K-1, include all of the Section 179 deduction passed through to the partner, regardless of whether or not the partner actually deducted all of it.

**Exception 1: Professional service partnership.** If the partnership is a professional service partnership, calculate the amount to enter on line 28 (guaranteed payments) by adding the following two amounts:

- Guaranteed payments for services performed within North Dakota by the partner.
- Guaranteed payments for other than personal services multiplied by the partnership's apportionment factor from Schedule FACT, line 14.

**Exception 2: Allocable nonbusiness income.** If the partnership treated any part of a distributable item of income from the partner's Federal Schedule K-1 as nonbusiness income subject to allocation, calculate the amount to enter on the corresponding line of this part in the following steps:

1. Subtract the net nonbusiness income (gross amount less related expenses) from the applicable distributable amount shown on the Federal Schedule K-1.
2. Multiply the remaining distributive amount, if any, (from step 1) by the partnership's apportionment factor from Schedule FACT, line 14.
3. Add the result (from step 2) to the portion, if any, of the net nonbusiness income **allocable to North Dakota**, and enter the result on the corresponding line of Part 4.

*Note: If any portion of the net nonbusiness income removed from the distributable amount (in step 1 above) is allocable outside North Dakota, do not enter it anywhere on North Dakota Schedule K-1 (Form 58).*

If the calculation of any amount on lines 25 through 38 of Part 4 was affected by the removal or inclusion of net nonbusiness income, attach a statement to the partner's North Dakota Schedule K-1 (Form 58) identifying the net nonbusiness income and showing the calculation of the amount entered on the applicable line(s) of Part 4.

**Exception 3: Interest from U.S. obligations.** Do not include interest from U.S. obligations in determining the amount to enter on Part 4, line 29.

## Part 5 Nonresident partner and tax-exempt organization partner only

Complete Part 5 for a nonresident partner and a tax-exempt organization partner for which an amount was required to be entered on Form 58, Schedule KP, Column 6.

## Part 6 Partnership or corporation partner only

### Line 42 North Dakota factors

Enter in the corresponding column the partner's share of the partnership's North Dakota apportionment factor amounts from Form 58, Schedule FACT, Column 2, lines 7, 8, and 12.

### Line 43 Total factors

Enter in the corresponding column the partner's share of the partnership's total factor amounts from Form 58, Schedule FACT, Column 1, lines 7, 8, and 12.

## Before you file Form 58

### Signatures

The return must be signed and dated by a general partner or an authorized representative of the partnership.

If the partnership pays someone other than one of its partners or an employee of the partnership to prepare the return, the paid preparer also must sign and date the return.

### Preparer authorization check-off

The partnership may authorize the North Dakota Office of State Tax Commissioner (Tax Department) to discuss matters pertaining to its 2019 Form 58 with the preparer who signed it. To do so, fill in the circle next to the signature area in the lower right-hand corner of page 1 of Form 58. This authorization applies only to the individual whose signature and printed name appear in the paid preparer section of the signature area. It does not apply to the firm, if any, shown in that section.

This authorization allows the Tax Department to contact the preparer to answer any questions that may arise during the processing of the partnership's return. It also authorizes the preparer to respond to questions and to provide any information missing from the return, to contact the Tax Department to inquire about the status of the return's processing and related refund or payment, and to respond to Tax Department notices that the partnership shares with the preparer pertaining to math errors or return preparation. *(Tax Department notices will be sent only to the partnership.)*

This authorization automatically expires on the due date (including extensions) for filing the 2020 Form 58.

This authorization does not authorize the preparer to receive a refund check, to bind the partnership in any way (including any additional tax liability), or to represent the partnership before the Tax Department for any other purpose.
