The following applies:

- No additional exemptions other than those provided by the state
- No maximum tax (refund cap)
- Limited exemption for contractors does not apply

### **Maximum Tax (Refund Cap)**

The maximum tax is the amount of tax that may apply to a single transaction. If the purchaser pays more than the maximum tax amount on a purchase, the purchaser may apply to the Tax Commissioner for a refund of any tax paid in excess of the maximum tax. Retailers may voluntarily collect up to the maximum tax amount as a convenience to their customers, so the purchasers do not need to apply for a refund. Retailers are not required to calculate maximum tax and may continue to collect tax without regard to the maximum tax. Retailers should be consistent in the method they choose to calculate local taxes.
