Crosby

At the present time, the City of Crosby has a 3% city sales, use, and gross receipts tax. One percent is set to expire on June 30, 2022. Effective July 1, 2022, the City of Crosby has revised their ordinance to extend the sunset clause until December 31, 2026. No other changes were made to the ordinance.

Steele

At the present time, the City of Steele has a 2% city sales, use, and gross receipts tax. Effective July 1, 2022, the City of Steele has adopted an ordinance to increase its city sales, use, and gross receipts tax by 0.5%. The tax rate for Steele starting July 1, 2022 will be 2.5%. The following applies:

- No additional exemptions other than those provided by the state.
- The 0.5% sales tax distributed to the Kidder County Swimming Pool will remain in effect until the swimming pool loan/bond is paid in full.

Maximum Tax (Refund Cap)

The maximum tax is the amount of tax that may apply to a single transaction. If the purchaser pays more than the maximum tax amount on a purchase, the purchaser may apply to the Tax Commissioner for a refund of any tax paid in excess of the maximum tax. Retailers may voluntarily collect up to the maximum tax amount as a convenience to their customers, so the purchasers do not need to apply for a refund. Retailers are not required to calculate maximum tax and may continue to collect tax without regard to the maximum tax. Retailers should be consistent in the method they choose to calculate local taxes.
