

The North Dakota Office of State Tax Commissioner is responsible for the administration of North Dakota Century Code (N.D.C.C.) Title 5 laws relating to the licensing, taxation, and regulation of microbrew pubs in North Dakota. A microbrew pub located in North Dakota may apply for a North Dakota Microbrew Pub License under N.D.C.C. § 5-01-14.

Licensing

The North Dakota Microbrew Pub License is an annual license which allows for the manufacturing and sale of beer products at a specific licensed premises. No licensed microbrew pub may engage in the manufacturing or sale of beer products outside of its authorized licensed premises. There may be local government ordinances and licensing requirements that the microbrew pub may need to comply with to be able to operate legally.

The first step to becoming a licensed North Dakota microbrew pub is to obtain a Basic Permit under the Federal Alcohol Administration Act from the Alcohol and Tobacco Tax and Trade Bureau (TTB) at www.ttb.gov/online-services/ponl/customer-support. After the Federal Basic Permit is received, the business may apply for a North Dakota Microbrew Pub License, which is included in the Alcohol License Application at www.tax.nd.gov/AlcoholLicenseApplication. The following items must be submitted with the completed application:

- A copy of the federal basic permit issued by the TTB
- A blueprint or diagram of the premises to be licensed
- A copy of the business' organizational documents, i.e., articles of organization, LLC operating agreement, or partnership agreement
- \$100.00 annual license fee
- A North Dakota Sales and Use Permit application or proof of application (www.tax.nd.gov/apply).
 - o Once issued, the North Dakota sales and use permit does not expire. It stays active until closed by the microbrew pub or revoked by the Office of State Tax Commissioner.

North Dakota Microbrew Pub Licenses are annual licenses with a December 31 expiration date. The renewal process will be completed through the taxpayer's North Dakota Taxpayer Access Point (ND TAP) account, with a notification being sent in November. License renewals must be submitted to the Office of State Tax Commissioner before December 1 for the licensed premises to maintain continuous operations.

A North Dakota Microbrew Pub License may be suspended or revoked, or denied for renewal, for a violation of any applicable N.D.C.C. Title 5 provision if the licensee engages in any activity that does not comply with all statutes or regulations pertaining to microbrew pubs. A microbrew pub is entitled to an administrative hearing before its license may be suspended, revoked, or denied for renewal.

In addition to the Federal Basic Permit, the North Dakota Microbrew Pub License and the North Dakota Sales, Use, and Gross Receipts Tax Permit, a microbrew pub must obtain a retail alcohol license to sell or dispense alcoholic beverages. Retail alcohol licenses are available from the North Dakota Attorney General, county, and city government agencies.

Operating Activities

North Dakota licensed microbrew pubs are authorized to engage in the following activities:

- Produce beer. To qualify as a microbrew pub, the microbrew pub may not sell at retail or wholesale in a calendar year more than 10,000 barrels of beer per year.
 - For the purposes of calculating the 10,000-barrel annual production limitation, beer manufacturing is always credited to the brewery that made the beer.
- Sell the manufactured beer to licensed North Dakota wholesalers.
- Sell the manufactured beer to out-of-state wholesalers, if the microbrew pub is compliance with the receiving state's laws.
- Transfer beer manufactured to an affiliated microbrew pub in which they have at least 85% ownership interest, measured annually.
 - The microbrew pub may not own more than three affiliated microbrew pubs.
 - Affiliated microbrew pub receiving the beer must have produced no less than 5,000 gallons (18,927 liters) of beer on the licensed premises in preceding calendar year.

- Sell other alcoholic beverages regardless of the source manufactured for consumption on the licensed premises.
- Operate a restaurant contiguous to the brewery when granted an on-sale license for retailing alcoholic beverages.

Microbrew Pub Special Event Permits - A North Dakota Licensed Microbrew Pub may receive special event permits for no more than 40 events per calendar year from the Office of State Tax Commissioner. A Microbrew Pub Special Event Permit, subject to local ordinance, allows a microbrew pub to give free samples of its beverages and to sell its beverages by the glass or in closed containers at off-premises events. Applications for a Microbrew Pub Special Event Permit should be submitted to the Office of State Tax Commissioner through ND TAP (www.tax.nd.gov/tap) at least 10 days prior to the start of the event to ensure review and approval of the requested event.

A special event is an occasion of limited duration, where the Microbrew Pub may display, give free samples of, and sell, its product by the glass or in closed containers. A special event at any location may not be in excess of 15 days in duration and may not be consecutive. Microbrew Pubs must also comply with any other state or local laws, ordinances, or requirements associated with the provision or sale of alcoholic beverages. The issuance of special event permits may not create a permanent off-premises retail location for a licensed microbrew pub.
