# Answer the questions below that apply to the appeal:

Are you the owner of the property of this	s appeal?
Did you receive a notice of increase lette	er from the city/township? (choose all that apply)
□ Prior to □ After	Township/City Equalization Meeting
☐ Prior to ☐ After	County Equalization Meeting
	ion Received
At which meeting(s) did you appeal you    Township/City   County	

*Please note NDCC § 57-13-04.3(a)(1)(2) requires appellants to appeal to the State Board of Equalization must have applied to both local and county boards.
Has a recent appraisal been completed on the property?
Yes (if yes, please attach) No

What grounds is your appeal based upon? Please check all that apply and provide supporting documentation for each selection.

☐ Factual error, that is, a data collection or clerical error.

☐ Equity and uniformity claim of discriminatory level of assessment.

☐ Belief that the valuation is inaccurate.

⊠ Exemption, classification, or assessment limitation.

Please attach or email (propertytax@nd.gov) the following:

1. A detailed explanation of your appeal

2. Evidence to validate the assessment appealed

## **Appeal Process:**

- 1.) Appellant notifies the Property Tax Division of intent to appeal.
- 2.) Submit this form and all applicable documentation to propertytax@nd.gov by the date specified above.
- 3.) The State Board of Equalization meets on the second Tuesday in August to examine and compare the returns of the assessment of taxable property as submitted by North Dakota counties. This is locally assessed property. The board equalizes the property so that all assessments of similar taxable property are uniform and equal throughout the state. During this meeting, tax directors or other representatives from a county will speak, along with city representatives, and individual taxpayers.
- 4.) After the State Board meeting, your case will be assigned, and staff will reach out to schedule an onsite review of the property (when deemed applicable). While an interior inspection of the property is not required, interior reviews may affect the consideration of value. If denied an interior review, we will assess from the exterior only. Staff will not be allowed to enter the property without the owner or a representative present.
- 5.) Generally, by the first Thursday of October, the property tax division staff will present their findings to the State Board of Equalization with a recommendation. The board deliberates and votes. You can attend this meeting; however, public comments are not accepted.

July 17<sup>th</sup>, 2025

Parcel #18-5406000

Owners: Steven & Laurel Klefstad and Janell (Klefstad) McLaen

**Legal Description:** SE ¼-15-129-56 Taylor Township, Sargent County

### History:

Land was acquired in 2015 from their father Harlan Klefstad who passed away.

Property has always been used as a farm and is virgin pastureland. There is no cropland, just sloughs, rocks, and grass.

The house was built by Civil War Veteran Colonel Parsons in the late 1800s. It is uninhabitable. The outbuildings are very old and obsolete. See photos. Only three storage sheds are insurable and are currently used for some farm machinery storage by other farmers but basically empty.

The house was occupied by a full-time farmer, Jim Duff, and his wife Sandy from 1967 until 2020 and has been vacant since then.

The buildings on the property were always treated as tax exempt until this year.

A letter from the county was sent about the current use of the house and buildings and a notice for the over 10% increase in taxes. Steven Klefstad called the Assessor's office because they had called and wanted to measure the house and other buildings. He did not understand that they were planning to put the buildings on the tax rolls. I have found nothing in the State Statue that states that the taxpayer has X amount of days to appeal or respond to a letter from the Assessor about putting prior tax-exempt property on the tax rolls. I would have to assume that this is the purpose of the township and county equalization meetings.

We (Klefstad & McLaens) met with the Township Officers on April 16<sup>th</sup> and explained our situation. Mrs. Hayen, the County Assessor was present. The Township Officers agreed that the buildings on the property should still be exempt and that they were of little, or no value based on their condition and obsolescence. They asked for her guidance in the matter, and she just told them that she had sent Mr. Klefstad a letter and he failed to return it within the required time.

Under the ND Taxpayer Bill of Rights and N.D.C.C. 57-12 (see attached) the Township Board of Equalization may reduce an assessment upon the property owner's presentation of evidence to support the appeal, which they did. This should have ended the process. However, the Assessor ignored their ruling and took the matter to the County Commissioners.

We (Klefstad & McLaens) presented our case at the County Equalization Meeting on June 10th. We provided them with the Guideline from the ND Office of the State Tax Commissioner on Property Tax: Exemption of Farm Buildings and other improvements.

Lines 1. 2. 3. and 7. Provide the clear definition of the law that the buildings were occupied by a farmer when vacated and have been vacant ever since and therefore should continue as tax exempt.

According to the Office of the State Tax Commissioner once a farm and its residence have been determined as Tax Exempt no further filing is needed to qualify if it remains vacant as in this case. (See Attached Flow Chart)

The County Commissioners ignored this fact and sided with the Assessor whose only argument was that we did not respond in some unkown allotted time to her letter about the changes. Even if the County had the authority to increase the taxes by over 15%, which they did, they were obligated to give us notice by mail to appear before them at least five days within the designated notice. This didn't happen either. Then the County held another meeting on the morning of June 11th, but failed to give public notice, so we did not make the 2<sup>nd</sup> meeting where they discussed our case again. I was told by one of the Commissioners after the first meeting to not worry about it because they would go along with our request when they did meet again. The County then held a 3<sup>rd</sup> meeting on June 12<sup>th</sup> and voted to leave all of the assessments the same as last year because a number of residents were voicing their concerns about the large increases in their valuations. When we contacted the Assessor, we were told that it didn't apply to us.

We were told by the Assessor that we should tear down the buildings since they are obsolete and would then avoid the taxation. This farm may be obsolete and vacant, but it still is a landmark and was the pride and joy of a man who did a lot for Sargent County and the State of North Dakota. Look him up. Harlan A. Klefstad.

Also, we object to the value assigned to the land itself. Attached is the Township parcel valuation list. Most of the land is tillable in the Township and we own several nearby quarters that are tillable. Most of the good farmland is valued at \$180,000 to \$222,000 and this property now has the highest valuation in the township at \$300,400. See attached. Rocks, sloughs, and grassland is selling for about 35% of tillable land around Sargent County. I can claim to be an expert on land values, based on being a landowner and serving this area as a Banker for 45 years.

In closing, I will repeat what I told the County Commissioners. I voted against eliminating property taxes because I have always felt that local government closet to the people is the best. And this is not personal but unfortunately, most of our elected officials are not well versed on these laws and they took the easy route of just siding with their Assessor whose only argument was that the paperwork was not returned. Unbelievable.

We are trusting in you that common sense and fairness still applies here in North Dakota.

Respectfully,			
Steven Klefstad			

Janell McLaen

# RTH DAKOTA OFFICE OF STATE TAX COMMISSIONER GUIDELINE - PROPERTY TAX: EXEMPTION OF FARM BUILDINGS AND OTHER IMPROVEMENTS

# GENERAL PROVISIONS

1. Farm buildings and improvements located on agricultural lands are exempt from taxation provided they are used as part of a farm plant.

The land must be used for raising agricultural crops or grazing farm animals and used as part of a farm plant. A farm plant is the entire farm enterprise operated as an economic unit. If the unit contains less than 10 acres of land, the taxing authority, in determining whether the unit is a farm, must consider such things as the present use, the adaptability to use, and how similar type properties in the immediate area are classified for tax purposes.

Agricultural property includes land on which a greenhouse or other building is located if the land is used for a nursery or other purpose associated with the operation of a greenhouse.

- 2. A residence or other building located on agricultural land is exempt if used both in a farming and in a non-farming activity, provided the primary or dominant use of it is in farming.
- 3. Buildings and other improvements located on agricultural land in unplatted areas within the boundaries of an incorporated city are exempt, provided the buildings are used for agricultural purposes and are part of a farm plant.
- 4. A residence or other building located on platted land within the boundaries of an incorporated city or upon railroad operating property is not exempt as a farm building. An outlot (a lot included within the boundaries of an original or subdivision plat) is platted land.
- 5. Any building located on a farm and occupied or used by someone not engaged in farming is not exempt. (See number 8)
- 6. A reasonable amount of land on which a non-exempt building is located must be assessed in the same classification as the building, either residential or commercial.
- 7. A vacant farm residence or building located on agricultural land is exempt, provided it was exempt as part of a farm plant or as a farm residence when it was last used. A vacant farm residence or building which was taxable because of a non-qualifying use should remain taxable until its active use has changed.
- 8. Buildings located on agricultural land used by a farmer to provide housing for that farmer's workers are exempt, provided they are used as part of a farm plant. (See number 5)
- 9. Buildings and other improvements primarily used to feed chickens, turkeys or other poultry, cattle, pigs or other livestock are exempt if the enterprise is located on agricultural land.
  - "Livestock" includes "nontraditional livestock", that is, any wildlife held in a cage, fence, enclosure, or other man-made means of confinement that limits its movement within definite boundaries, or an animal that is physically altered to limit movement and facilitate capture. [N.D.C.C. § 36-01-00.1].

- 10. Beekeeping is an agricultural practice. It includes extraction and storing of honey in containers. Buildings and improvements used in connection with a beekeeping operation are exempt, [N.D,C.C. § 4.1-16-18].
  - Processing honey is a commercial operation. Buildings and improvements used in connection with commercial honey operations are not exempt. Processing honey is any procedure, including filtering or clarifying, which changes the natural state of honey. <u>Morel v. Thompson</u>, 225 NW 2d 584 (N.D. 1975).
- 11. "Farm buildings and improvements" includes a greenhouse or other building used primarily for the growing of horticultural or nursery products from seed, cuttings, or roots, if not used on more than an occasional basis for a showroom for the retail sale of horticultural or nursery products. A greenhouse or building used primarily for display of grown horticultural or nursery products is not a farm building or improvement.
  - A commercial nursery is a farming operation; buildings and improvements used in the operation of a commercial nursery are exempt. <u>Boehm v. Burleigh County</u>, 130 NW 2d 170 (N.D. 1964).
- 12. The exemption is not limited to a single set of farm buildings. If a farmer has more than one set of farm buildings, all are exempt if the buildings are used as part of the farm plant.

# FARM RESIDENCE EXEMPTION

13. A residence is exempt if it is situated on a farm and is occupied or used by an individual who is a farmer. It does not need to be owned by the farmer.

The term **farm** means a single tract or contiguous tracts of agricultural land containing a minimum of 10 acres which are normally used for farming or ranching.

The term **farmer** means an individual who normally devotes the major portion of the individual's time to the activities of producing unmanufactured products of the soil (except for marijuana grown under N.D.C.C. Ch. 19-24.1), poultry, livestock or dairy products. The farmer and spouse, if married, must have received more than 66% of their combined annual gross income from farming activities in any one year of the two preceding calendar years, whether one or both are farmers. The term also includes an individual who is a retired farmer or beginning farmer. The farmer and spouse, if married, must have received more than 66% of their combined annual gross income, as described in N.D.C.C. § 57-02-08(15)(b)(3), from farming activities in any one year of the two preceding calendar years, whether one or both are farmers.

- 14. A retired farmer is an individual who quit farming because of illness or age and has not merely changed occupations. The local assessment officials have the responsibility to determine whether a farmer retired because of illness or age.
- 15. A beginning farmer is an individual who: 1) began occupancy and operation of a farm in either of the two preceding calendar years; 2) normally devotes the major portion of time to farming activities and; 3) who does not have a history of farm income from farm operations for each of the two preceding calendar years.
- 16. A residence occupied by the surviving spouse of a farmer who owned and occupied the residence as an active farmer at the time of death is exempt through the end of the fifth taxable year after the year of the farmer's death.

A residence occupied by the surviving spouse of a farmer who owned and occupied the residence as a retired farmer at the time of death remains exempt for as long as the residence is continuously occupied by the farmer's surviving spouse.

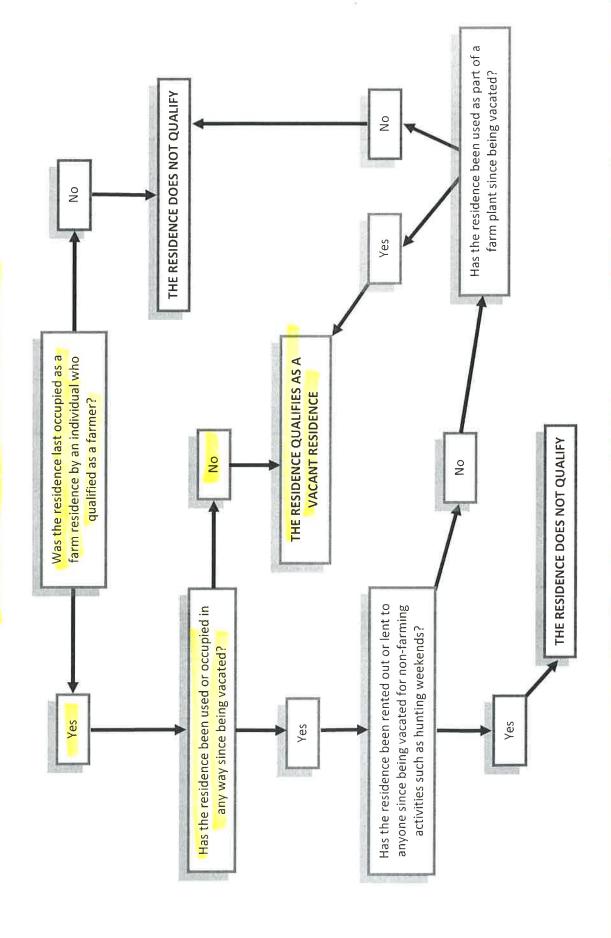

- 17. A residence located on a tract of agricultural land containing 10 acres or more, occupied by a farmer who also farms other noncontiguous land, qualifies for the exemption even though the particular tract of land upon which the residence is located does not produce 66% or more of the farmer's income.
- 18. A residence is not exempt if it is located on a tract or contiguous tracts of agricultural land, whether owned or rented, containing less than 10 acres.
- 19. A residence located on a tract or contiguous tracts of agricultural land containing 10 acres or more is not exempt if it is occupied or used by an individual who is not a farmer.
- 20. A mobile home, as described in N.D.C.C. § 57-55-01, qualifies as a farm residence, provided such mobile home is permanently attached to a foundation.
- 21. A residence is exempt if it is situated on a farm and remains occupied by the retired farmer who owned and occupied it as a farmer at the time of retirement.
- 22. If the agricultural land acreage owned by the retired farmer diminishes to less than 10 acres after retirement, the residence may continue to be exempt, provided that the residence qualified for the exemption at the time the farmer retired.
- 23. "Gross income from farming activities" means gross income from farming as defined for purposes of determining if an individual is a farmer eligible to use the special estimated income tax payment rules for farmers under the Internal Revenue Code § 6654.
- 24. When an exemption application is filed by an occupant that claims to be an active farmer, the applicant shall provide to the assessor, for the year or years specified by the assessor, the Statement of Farm Gross Income and Application for Property Tax Exemption of a Farm Residence, as prescribed by the tax commissioner.
  - If the occupant is someone other than the property owner, the property owner will complete and submit the application for the exemption. The occupant must complete and submit the Statement of Farm Gross Income.
- 25. The completed Statement of Farm Gross Income should be submitted with the Application for Property Tax Exemption of a Farm Residence, which is due on or before February 1 of the year which the exemption is claimed. Or, the completed Statement of Farm Gross Income may be submitted separately from the application form, in which case it must be submitted no later than March 31 of the year for which the exemption is claimed. Use the most recent of the two calendar years preceding the year for which the exemption is being claimed to show compliance. See the Statement of Farm Gross Income for examples.
- 26. Income information provided to the assessor is confidential.
- 27. If a farmer operates a bed and breakfast facility in the farm residence occupied by that farmer, the residence is exempt provided the farmer and the residence meet the other qualifications for the exemption.

# Vacant Residence Flow Chart

# **PROPERTY TAX**

### **Assessment Process**

All real property subject to taxation is assessed according to its value on February 1 of each year. When the value of property changes there should be corresponding changes in the property's valuation for tax purposes.

Written notice must be sent to a property owner whenever the true and full value of a property has increased since the previous year's assessment to one or more of the following levels:

- The assessor has increased the true and full valuation to a level of 10 percent or more and \$3,000 or more from the previous year's assessment. Delivery must occur at least 15 days prior to the local equalization meeting.
- 2. The township, city, or county board of equalization proposes to increase the true and full value returned by the assessor resulting in a cumulative increase of more than 15 percent from the amount of the previous year's assessment. Reasonable notice and opportunity to be heard regarding the intention of the board to increase the assessment must be given prior to the board taking action.
- 3. The township, city, or county board of equalization, or action by the State Board of Equalization has increased the true and full valuation to a level of 10 percent or more and \$3,000 or more from the previous year,'s assessment. Delivery must occur within 15 days after the meeting of the township, city, or county board that ordered the increase and within 30 days after the meeting of the State Board of Equalization if the state board ordered the increase.

The notice must be delivered in writing to the property owner's last known address, or provided to the property owner by electronic mail directed with verification of receipt to an email address at which the property owner has consented to receive notice.

The notice must provide the true and full values used to make the assessment and the dates, times, and locations of the local, county, and state boards of equalization meetings.

### The Appeal Process

In North Dakota there are two procedures for appealing an assessment (valuation).

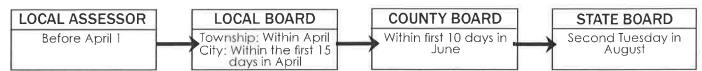

One procedure is informal and allows a property owner to appeal the current year's assessment by contacting the local assessor and the various boards of equalization before the assessment is finalized. This method will not result in any court action.

The other procedure is formal and allows a property owner to appeal either a current or prior year's assessment by completing and filing an application for abatement and refund of taxes. This procedure begins after the assessment is finalized, follows a strict schedule of hearings, and may result in court action as the final step of appeal.

- The steps for informal and formal appeals are on the next page.
- The following pages will also provide you with helpful information regarding the application process and compromise of unpaid taxes.

didn't huppen

# PROPERTY TAX — INFORMAL APPEAL

A property owner who has questions about an assessment (valuation) should contact the local (township, city, or district) assessor before April 1.

A property owner may appeal the assessor's valuation for the current year to the local board of equalization. The township board meets within the month of April. The city board meets within the first 15 days of April. The local board may reduce an assessment upon the property owner's presentation of evidence to support the appeal.

The property owner may continue the appeal to the county board of equalization, which meets during the first 10 days in June.

The county board may reduce an assessment upon the property owner's presentation of evidence to support the appeal.

The final step is an appeal to the State Board of Equalization. The state board meets the second Tuesday in August and may reduce an assessment only if the property owner has appealed to both the local and county boards of equalization. The decision of the state board is final. However, a property owner may file an application for abatement and refund of taxes by following the procedures for formal appeals described below.

### PROPERTY TAX — FORMAL APPEAL

## **Who May Apply**

Any person who has an estate, right, title, or interest in a property may file an application for abatement or refund of taxes if the person claims an assessment is excessive or illegal. The application procedures are described on the next page. This includes, but is not limited to, the property owner, lessee, contract for deed purchaser, person who paid the tax, or person who has an interest in the property. Mobile home owners have the same right to abatement or refund as do owners of real property. Special assessments are not subject to abatement procedures.

### **Grounds for Abatement**

- The assessment is invalid, inequitable, or unjust.
- An error has been made in the entry, description, valuation, or extension of tax.
- The improvements did not exist on the assessment date (February 1).
- The applicant had no taxable interest in the property on the assessment date.

- The property is exempt.
- The taxes were erroneously paid.
- The property was assessed and taxed more than once in the same year.
- The building, mobile home, structure, or improvement was destroyed or damaged by fire, flood, tornado, or other natural disaster.
- The applicant is eligible to receive the property tax credit for senior citizens or individuals with disabilities.

### **Time for Filing Application**

A person may file an application for abatement of the current year's assessment after the State Board of Equalization finalizes valuations following the August meeting. The application must be filed by November 1 of the year following the year in which the tax becomes payable. For example, the application for abatement of a 2019 tax (payable in 2020) must be filed no later than November 1, 2021.

# PROPERTY TAX — APPLICATION PROCEDURES

Applications are available from the county auditor or county director of tax equalization. Or, find the Application for Abatement on the North Dakota Office of State Tax Commissioner's website at www.nd.gov/tax/individuals/ property/forms. The applicant files two copies of the completed application with the county auditor. By filing the application, the applicant agrees to allow assessment officials to inspect the property.

The county auditor presents a copy of the application to the appropriate city auditor or township clerk within five business days after the filing date. Within 10 days after receiving the application, the city auditor or township clerk notifies the applicant of the time and place of the hearing before the local governing body.

Within 60 days after the date of the hearing notice, the local governing body considers the application.

The local governing body recommends either to grant or reject the application in whole or in part, and sends the recommendation to the county auditor no later than 30 days after the local hearing.

At least 10 days before the hearing before the board of county commissioners, the county auditor notifies the applicant of the time and place of the hearing.

At its next regular meeting, the board of county commissioners considers the application. The applicant has the opportunity to present information in support of the appeal at the hearing. The applicant is limited to the relief claimed in the application for abatement submitted to the board of county commissioners.

If the board of county commissioners approves the application, the assessment is corrected. If the tax has been paid, a refund is issued. If the board of county commissioners rejects the application in whole or part, it must mail a written explanation of the rationale for the decision to the applicant.

The decision of the board of county commissioners may be appealed to North Dakota District Court. The Notice of Appeal must be filed with the clerk of court within 30 days of the county decision. A copy of the Notice of Appeal must be served on the board of county commissioners and the State Tax Commissioner. A property owner may want to consult with an attorney if contemplating an appeal to the court.

# H DAKOTA OFFICE OF STATE TAX COMMISSIONER GUIDELINE - PROPERTY TAX: DATES AND PROCEDURES FOR THE ASSESSMENT OF REAL PROPERTY

# VALUATION AND LISTING OF REAL PROPERTY

All real property subject to taxation is listed and is assessed according to its valuation on February 1 of each year. [See North Dakota Century Code (N.D.C.C.) § 57-02-11]

In a separate list, the assessor must describe, list and value all real property exempt from taxation, except for property of the United States, the State of North Dakota, a political subdivision of the State of North Dakota, or farm buildings or farm residences exempt from property taxes by law. [See N.D.C.C. § 57-02-141

In the valuation of exempt properties, the assessor must designate the properties exempted by local discretion or charitable status. This means property exempt from taxation as new or expanded businesses under N.D.C.C. Ch. 40-57.1; improvements to commercial and certain residential property in N.D.C.C. Ch. 57-02.2; buildings belonging to institutions of public charity, new singlefamily residential, townhouse, or condominium property, property used for early childhood services, or pollution abatement improvements under N.D.C.C. § 57-02-08.

### ASSESSORS RECEIVE ASSESSMENT BOOKS

By the second Wednesday in February of each year, the county auditor furnishes the assessment books and forms necessary to complete the assessment of real property to all the assessors. [See N.D.C.C. § 57-02-31]

The assessment list sets out all tracts of real property subject to taxation, the name(s) of the owner(s), the number of acres, and the lots and parts of lots or blocks included in each description.

# DUTIES OF ASSESSORS N.D.C.C. § 57-02-34

Assessors complete their assessment duties during the 12-month period preceding April 1 of each year. Assessors should physically inspect properties in their jurisdictions.

Generally taxable buildings, structures, and improvements, even if owned by someone other than the landowner, must be assessed with the land on which they are located. See exceptions in N.D.C.C. § 57-02-26.

The assessor is responsible for determining the true and full value of each tract of real property subject to taxation and all taxable improvements and structures located on it. Those values are entered into separate columns opposite the description of the property. The assessor must also set out the assessed value of each property. Each class of property---agricultural, residential and commercial---is listed separately.

Residential property - true and full value of each lot or tract, true and full value of all structures on each lot or tract, total true and full value of the property, 50% of total true and full value, total taxable value (9% of assessed value).

**Commercial property** - true and full value of each lot or tract, true and full value of all structures on each lot or tract, total true and full value of the property, 50% of total true and full value, total taxable value (10% of assessed value). Commercial property includes all vacant lots and all property that does not qualify as agricultural, residential, centrally assessed, or exempt.

Total taxable value before homestead credit and disabled veterans' credit - sum of agricultural, residential and commercial taxable values.

**Homestead credit allowance -** a reduction on the taxable valuation of the homestead of a qualifying individual as set out in N.D.C.C. § 57-02-08.1.

**Disabled veterans' credit allowance** - a reduction on the taxable valuation of the homestead of a qualifying disabled veteran as set out in N.D.C.C. § 57-02-08.8.

**Total taxable value after homestead credit and disabled veterans' credit -** the valuation remaining after the deduction of any homestead credit or disabled veterans' allowance.

### NOTICE OF INCREASED ASSESSMENTS

When any assessor has increased the true and full valuation of any lot or tract of land including any improvements thereon to an amount that is an increase of \$3,000 or more and 10% or more from the amount of the last assessment, the assessor shall deliver written notice of the amount of increase and the amount of the last assessment to the property owner at the expense of the assessment district for which the assessor is employed. Delivery of written notice to a property owner must be completed at least 15 days before the meeting of the local board of equalization.

If written notice by the assessor was not required and action by the township, city, or county board of equalization or order of the state board of equalization has increased the true and full valuation of any lot or tract of land and improvements thereon to an amount that results in a cumulative increase of \$3,000 or more and 10% or more from the amount of the last assessment, written notice of the amount of increase and the amount of the last assessment must be delivered to the property owner. The written notice must be mailed or delivered at the expense of the township, city, or county that made the assessment increase or at the expense of the township, city, or county that was ordered to make the increase by the state board of equalization. Delivery of written notice to a property owner must be completed within 15 days after the meeting of the township, city, or county board of equalization that made or ordered the assessment increase and within 30 days after the meeting of the state board of equalization, if the The State Board of Equalization ordered the assessment increase. (See N.D.C.C. § 57-02-53)

Examples of how this procedure works are as follows:

**Property A -** The assessor increases true and full value from \$24,000 to \$29,600.

Current year = \$29,600 Last year = 24,000 Increase in valuation = \$5,600 or 23.3% increase

The current year true and full valuation increased more than \$3,000 and more than 10% over the last assessment. Therefore a notice **must** be mailed, delivered, or provided by electronic mail to the property owner.

Property B - The assessor increases true and full value from \$17,700 to \$19,300.

Current year = \$19,300 Last year = 17,700 Increase in valuation = \$1,600

or 9% increase

The current year true and full valuation increased less than \$3,000 and less than 10% over the last assessment. Therefore, a notice does **not** have to be mailed, delivered, or provided by electronic mail to the property owner.

**Property C** - The assessor increases true and full value from \$79,000 to \$84,000.

Current year = \$84,000 Last year = 79,000 Increase in valuation = \$5,000 or 6.3% increase

The current year true and full valuation increased more than \$3,000 but less than 10% over the last assessment. Therefore, a notice does **not** have to be mailed, delivered, or provided by electronic mail to the property owner.

Property D - The assessor increases true and full value from \$13,000 to \$15,000.

Current year = \$15,000 Last year = 13,000 Increase in valuation = \$2,000

or 15.4% increase

The current year true and full valuation increased more than 10% over the last assessment but less than \$3,000. Therefore, a notice does **not** have to be mailed, delivered, or provided by electronic mail to the property owner.

The notice must set out the true and full values used by the assessor to make the assessment for the current year and for the previous year and must also set out the dates of the meetings of both the local and county boards of equalization. The notice is mailed or delivered at the expense of the assessment district in which the assessor is employed.

### NOTICE OF EQUALIZATION MEETINGS TO BE PUBLISHED

Each year the county auditor shall publish in the official county newspaper for two successive weeks, a notice that proceedings for the equalization of assessments will be held by the several local equalization boards and for the proceedings of the county board of equalization. The notice of the local equalization boards may not be more than 45 days before the date of the equalization proceedings and the second publication may not be less than 14 days before the equalization proceedings. The notice must contain a statement that the proceedings will be held at the regular meeting place of the governing board or other place designated by that board of the township or city, as the case may be.

The notice of the county equalization board may not be earlier than May 1 and the second publication may not be later than May 20, however, the second notice must be published more than 10 days prior to the date of the meeting. The notice must contain the date, time, and location of the meeting. Both publications must also contain a statement that each taxpayer has the right to appear before the appropriate board of review or equalization and petition for correction of the taxpayer's assessment.

The first meeting was published but

PAGE 3 The second and third were not.

We didn't know so we unable to

Plead our case.

The equalization proceedings in a city must be held within the first 15 days of April and the equalization proceedings in an organized township must be held in the month of April. [See N.D.C.C. §§ 57-02-51 and 57-02-52]

The primary responsibility for a fair distribution of the tax burden rests with the assessors and local boards of equalization.

# TOWNSHIP BOARD OF EQUALIZATION

The Township Board of Equalization consists of the members of the township board of supervisors. The board meets annually within the month of April at its usual meeting place. At least 10 days before the meeting, the township clerk posts a notice at the usual meeting place and publishes a notice in the official newspaper of the township. The notice must state the meeting time and date. [See N.D.C.C. Ch. 57-09]

It is the duty of the Township Board of Equalization to determine whether or not all taxable property has been properly listed and valued by the assessor. If any real property has been omitted, the board is responsible for listing the property on the assessment list at its true and full value. It is also the duty of the board to correct any assessment which is not listed at its true and full value. The board may not increase the valuation returned by the assessor to an amount that results in a cumulative increase of more than 15% from the amount of the last assessment without giving the owner, or the owner's agent, reasonable notice and opportunity to be heard regarding the intention of the board to increase it.

All complaints and grievances of residents of the township must be heard and decided by the board. Complaints by nonresidents must be heard and determined by the County Board of Equalization. [See N.D.C.C. § 57-09-04]

Errors in valuation made by the assessor that are not corrected at the local level are difficult to correct later. Therefore, the board should thoroughly examine the assessment list and carefully equalize assessments.

The Township Board of Equalization must complete the equalization process within 10 days.

The township Board did but the Assesson did what she CITY BOARD OF EQUALIZATION

The City Board of Equalization consists of the members of the governing body. The board meets at its usual meeting place within the first 15 days of April each year to equalize and correct the assessment list submitted by the assessor. If a person is the assessor for two or more cities or townships, the city auditor, after consulting with the assessor, sets an alternate date in April for the equalization meeting. At least 10 days before the alternate meeting, the city auditor posts a notice at the usual meeting place and publishes a notice in the official newspaper of the city. The notice must state the meeting time and date. [See N.D.C.C. Ch. 57-11]

The board may increase or decrease the valuation and assessment to whatever is reasonable and just to ensure equalization. The board may not increase the valuation of any property returned by the assessor to an amount that results in a cumulative increase of more than 15% from the amount of the last assessment without first giving the owner, or the owner's agent, reasonable notice and opportunity to be heard regarding the intention of the board to increase it.

Any errors in valuation made by the assessor should be corrected at the local level. Errors not corrected at the local level are difficult to correct later. Errors which are not corrected may result in unfairness and inequity in taxation.

# COUNTY BOARD OF EQUALIZATION

The County Board of Equalization consists of the members of the board of county commissioners and meets within the first 10 days in June to review and equalize assessments. The chairman of each city and Township Board of Equalization, or the chairman's appointed representative, and each city and township assessor must attend. Assessments of property equalized by the City Boards of Equalization are reviewed first, followed by the assessments of property equalized by the Township Boards of Equalization. [See N.D.C.C. Ch. 57-12]

The County Board of Equalization, acting as the Township Board of Equalization, equalizes assessments of unorganized territory within the county.

Prior to the meeting in June, the board provides for spot checks upon property within the county to verify the accuracy of the real property listings and valuations.

The County Board of Equalization, after notice of the Local Board of Equalization, may increase the assessment on any separate piece or parcel of real property, even though such property was assessed in a city or township having a Local Board of Equalization. The County Board of Equalization may not increase the valuation returned by the assessor or the Local Board of Equalization to an amount that results in a cumulative increase of more than 15% from the amount of the last assessment without giving the owner, or the owner's agent, notice by mail to the owner of the property that such person may appear before the board on the date designated in the notice, which date must be at least five days after the mailing of the notice.

The County Board of Equalization does not have authority to add omitted property to the assessment list. The county auditor adds omitted property according to N.D.C.C. §§ 57-14-01 through 57-14-07.

The county board should complete equalization of individual parcels and assessment districts. Any existing inequities will not be corrected by a percentage change for a class of property ordered by the State Board of Equalization.

# STATE BOARD OF EQUALIZATION

The State Board of Equalization consists of the governor as chairman, state treasurer, state auditor, commissioner of agriculture, and Tax Commissioner. The Tax Commissioner is secretary of the State Board of Equalization. [See N.D.C.C. Ch. 57-13]

The State Board of Equalization meets annually on the first Tuesday in July at the Office of State Tax Commissioner to hear testimony and to consider assessments of all taxable property subject to assessment by the State Board of Equalization.

The State Board of Equalization meets annually on the second Tuesday in August at the State Capitol. The board examines, compares, and equalizes assessments of locally assessed property to provide for uniform and equal assessments at the true and full value of similar taxable property throughout the state, as required by law.

The state board is responsible for equalizing assessments of real property among assessment districts of the same county and among the different counties of the state. The board may increase or decrease assessments in any assessment district and any county in which it determines the assessments are too low or high.

The state board shall equalize the classification and taxable status of real property in any assessment district in which the board determines the classification or taxable status is incorrect or inequitable.

The state board shall provide for reviews of selected properties, parcels, or lots within each county.

The state board may order a new assessment of any class of property or of all the property located within any political subdivision.

The State Board of Equalization may not approve valuation and assessment in any taxing district in which the true and full value for residential and commercial property exceeds the true and full value as determined by the sales ratio study.

If a taxpayer or representative has appealed an individual assessment, personally or by mail, the state board may change the assessment if it is established that the taxpayer first appealed the issue to the Local and County Equalization Boards. A property owner who is a nonresident of an organized township or whose property is located in an unorganized township or whose property has been included in a new assessment is required to appeal only to the County Board of Equalization. [See N.D.C.C. §§ 57-09-04, 57-12-02 and

57-14-08.] If the state board believes an assessment on any individual property is too low, it may increase the assessment. The secretary must send a notice of the amount of increase to the property owner.

The Office of State Tax Commissioner certifies to each county auditor the abstract of the proceedings of the State Board of Equalization and specifies the changes necessary to equalize valuations of each class of real property in the county. The proceedings of the State Board of Equalization are published online at tax.nd.gov.

\* Indicates significant change since last revised.
